3 Section Delivery Table Mechanical

Model: HF301

Categories: Medical Equipment, Hospital & Medical Furniture, Obstetric Labour Tables

Summary

The complete phase of child birth can be stressful and overwhelming. Our ' **3 Section Mechanical Delivery Tables** ' are designed to ease the trauma of birth by providing comfort and support throughout the stages of delivery. A selection of accessories increases the comfort of both the mother and nursing staff. The key features include a square tube MS Framework which is pre-treated and comes with epoxy powder coating. A 3-section cushioned top to ensure the comfort of the patient under labor. The complete bed is mounted on top of rubber shoes to ensure firm grip and is also supplied with a basin. Lithotomy Pads/Striups are included as optional components. The delivery table is also available in stainless steel (Code: HF301.SS).
