

Karman Cannula

Product Model : **Default Model No**

Category: Medical Equipment, Medical Disposables, Gynaecology - Paediatrics,

Summary :

Karman Cannula is a flexible, high-quality medical instrument in uterine aspiration procedures. Made from durable, medical-grade plastic, it is designed for smooth insertion and patient comfort. The cannula's flexibility and various size options make it ideal for a range of procedures, including early-term abortions and uterine evacuation. It is compatible with manual vacuum aspiration (MVA) devices, ensuring precise control and efficiency during procedures. Karman Cannula is widely used in clinics and hospitals, offering reliability and safety for both patients and healthcare professionals.
