Nelaton Catheter

Categories: Medical Equipment, Medical Disposables, Urology

Summary

The Nelaton Catheter is a high-quality medical device designed for safe and effective urinary catheterization. Made from durable and flexible medical-grade materials, it ensures smooth insertion while minimizing patient discomfort. The straight, cylindrical design with a rounded tip reduces trauma during use. Ideal for short-term catheterization, it is available in multiple sizes to accommodate varying patient needs. Suitable for hospitals, clinics, and healthcare facilities, the Nelaton Catheter delivers reliable and precise urinary drainage, ensuring patient comfort and consistent performance in clinical settings.
