

Lims Forcep

Product Model : **Default Model No**

Category: Ophthalmic Instruments, Micro Ophthalmic Instruments, Titanium Instruments, Forceps,

Summary :

Lims Forceps are precision surgical instruments designed for gripping and manipulating tissues during medical procedures. Made from high-quality stainless steel, these forceps ensure durability, corrosion resistance, and ease of sterilization. With a finely crafted, ergonomic design, Lims Forceps provide excellent control and accuracy, making them ideal for use in various surgeries and medical applications. They are widely used in hospitals, clinics, and surgical centers for tasks that require precise tissue handling, ensuring reliability and effectiveness in medical practice.
