

Flexitip Optic LED Balde

Product Model : **LSC13**

Category: Medical Equipment, Laryngoscope Set & Spares,

Summary :

The Forte **GWS Fliptip blade** is specially designed to improve visualization of the larynx during intubations. With a blade tip adjustable through 80degrees the Forte Fliptip blade can simplify elevation of the epiglottis for many conditions, including reduced thyromental distance, short or immobilized neck, obesity and swollen tissue of the larynx.

Forte Fliptip laryngoscope blades are ideal for EMS, Emergency Room, and any other setting with unpredictable patient airway conditions.
