

Fingertip Pulse Oxymeter

Product Model : **DG24**

Category: Medical Equipment, Diagnostic Equipment & Products,

Summary :

The Fingertip Pulse Oxymeter is a handheld device that accurately measures oxygen saturation and pulse rate. It is perfect for doctors, nurses, and other medical professionals who need to monitor patients' vital signs. The oximeter is also great for athletes and people with respiratory problems who need to track their oxygen levels. With its compact size and easy-to-use interface, the Fingertip Pulse Oxymeter is a valuable tool for anyone who wants to stay healthy.
